Duhani Capital PowerBoost: Maximized Profits

Terms and Conditions

This document outlines the terms and conditions for the 30% Trading Bonus, which serves as an addendum to the Client Services Agreement (“Client Agreement”) between **Duhani Capital** (referred to as “We,” “Us,” or “Duhani Capital”) and the Client (referred to as “You,” “Your,” or “Client”). Together with all other legal documents provided by Duhani Capital, this addendum forms the entirety of the agreement between the parties. By participating in the 30% Trading Bonus (the “Promotion”), you acknowledge that you have read, understood, and accepted these terms and conditions in full.

1. Eligibility Requirements

1.1 Eligible Accounts:

The Promotion is available exclusively to new and existing clients of Duhani Capital who open a Live Micro, Standard, or Pro Account. Clients with other account types are not eligible for this Promotion.

1.2 First and Subsequent Deposits:

This Promotion is valid for both the first deposit and subsequent deposits made by eligible clients into their trading accounts.

1.3 Net Capital:

If a client earns a profit and withdraws it, any re-deposit of these profits will not count towards the bonus calculation. Only the net capital amount will be eligible for the bonus.

1.4 Maximum Bonus:

The maximum cumulative bonus amount that a client can receive is capped at 3,000 USD, regardless of the number of deposits or account changes.

2. Bonus Terms and Conditions

2.1 Bonus Award:

Clients are eligible to receive a 30% credit bonus on each deposit, up to the maximum bonus limit of 3,000 USD. Once this limit is reached, no further bonuses will be awarded unless additional criteria specified in section 2.6 are met.

2.2 Net Deposit Criteria:

The bonus will only be applied to the net deposit. If a client withdraws any part of their deposit or profits, the re-deposited amount will not be eligible for a bonus.

2.3 Leverage:

The maximum leverage available for accounts participating in this Promotion is set at 1:1000.

2.4 Volume Requirement:

To withdraw any profits generated from trading with the bonus, the client must complete the required trading volume. The volume requirement is calculated as follows:

Required Trading Volume (Standard Lots) = Bonus Amount (USD) / 30

For example:

- If a client receives a bonus of 300 USD, the required trading volume will be 10 standard lots.
- If a client receives a bonus of 500 USD, the required trading volume will be 17 standard lots.
- If a client receives a bonus of 1,000 USD, the required trading volume will be 33 standard lots.

Note: The volume calculation applies to closed positions that meet the trading conditions specified in section 2.10.

2.6 Bonus Cap Adjustment:

Even if a client reaches the maximum bonus limit of 3,000 USD, if the client experiences losses on their net capital, they will be eligible for additional bonus limits. The additional bonus limit will be 30% of the amount lost from their net deposits.

2.7 Withdrawal Conditions:

The client must complete the required trading volume before any profits can be withdrawn. If the volume requirements are not met, the client can only withdraw their initial capital. Clients who do not wish to be subject to these conditions may choose a “No-Bonus” account type or opt-out of receiving the bonus.

2.8 Bonus Adjustment on Withdrawal:

If a client makes a withdrawal at any point from their account, an amount of the bonus equivalent to the withdrawn amount will be automatically deducted from the bonus balance, regardless of whether the volume requirements have been met. For example:

- If a client withdraws 500 USD, 500 USD will be deducted from the awarded bonus.
- If a client withdraws 200 USD, 200 USD will be deducted from the awarded bonus.

The deduction will not exceed the total bonus amount available in the client's account.

2.9 Duration of Bonus:

The bonus will be available for a maximum period of ninety (90) days from the date of credit. If no trading activity is observed in the account for a continuous period of ninety (90) days, or if no open orders exist in the account, the bonus will be automatically removed without notice.

2.10 Excluded Trades:

Any trades opened and closed within two (2) minutes will not be counted towards the required trading volume for the bonus. Duhani Capital reserves the right to determine, at its sole discretion, which trades qualify for the volume calculation.

3. Restrictions and Prohibited Practices

3.1 Multiple Accounts:

Clients who attempt to open multiple accounts using different names, identities, or false information may have all accounts deactivated. Any bonuses and profits gained through these actions will be revoked immediately.

3.2 System Abuse and Manipulation:

Any attempt to exploit system errors, technical discrepancies, or server malfunctions to gain financial advantages will result in the immediate removal of the bonus and may lead to the permanent suspension of the client's account.

3.3 Prohibited Trading Practices:

Abusive trading practices, such as the following, will result in the removal of bonuses and profits and may lead to account suspension or closure:

- Sniping: Exploiting delayed or frozen prices to gain unfair profit without market risk.
- Hedging Restriction: Holding open positions with opposite trades of the same volume across multiple accounts to limit losses or manipulate trading results is strictly prohibited.
- Latency Arbitrage: Leveraging discrepancies in pricing due to latency for gaining unfair profit advantage.
- Negative Balance Protection Abuse: Engaging in trading patterns that capitalize on the negative balance protection mechanism.

4. General Terms and Conditions

4.1 Right to Amend or Terminate:

Duhani Capital reserves the right to amend, modify, or terminate the Promotion or any of its terms at its sole discretion at any time.

4.2 Client Responsibility:

Duhani Capital shall not be liable for any losses or damages that may arise from participation in the Promotion. It is the client's responsibility to monitor and comply with all bonus conditions and restrictions.

4.3 Priority of Terms:

In the event of any conflict between this addendum and the Client Agreement, this addendum shall prevail.

4.4 Dispute Resolution:

Any disputes arising from or relating to this Promotion shall be resolved at the sole discretion of Duhani Capital.

4.5 Right to Terminate Bonus Scheme:

Duhani Capital reserves the right to terminate or deny the bonus at any point if suspicious or fraudulent activity is detected in the client's trading behavior or account activity.

4.6 Important Notice:

Duhani Capital reserves the right to review, amend, or withdraw the bonus offer at its discretion, with or without prior notice to clients.

5. Miscellaneous

5.1 Governing Law:

These Terms and Conditions are governed by and construed in accordance with the laws of the jurisdiction in which Duhani Capital is registered.

5.2 Severability:

If any provision of these Terms and Conditions is deemed invalid or unenforceable, such provision shall be severed from the remaining provisions, which will continue to be valid and enforceable.

5.3 No Waiver:

Duhani Capital's failure to enforce any right or provision under these Terms and Conditions shall not constitute a waiver of such rights or provisions.

5.4 Entire Agreement:

These Terms and Conditions, together with any additional agreements, constitute the entire agreement between Duhani Capital and the Client with respect to the 30% Trading Bonus and supersede all prior agreements or understandings, whether written or oral. This Agreement is governed by and construed in accordance with the laws of Dominica, where Duhani Capital is a licensed financial dealer.
